## PLENTY OF PROOF

From People You Know—From  
Norway Citizens

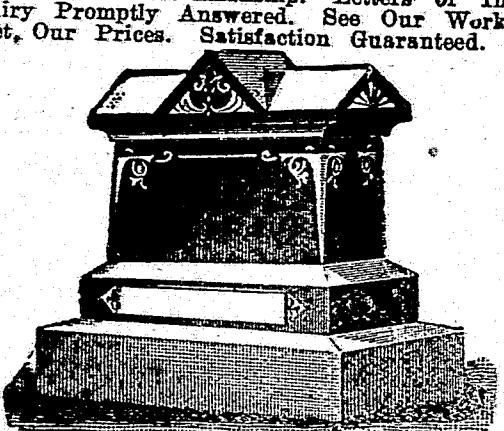

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Norway, of people who can be seen at any time. Read the following case of it: E. C. Libby, deputy sheriff, Sanborn St., Norway, says: "I had backache a great deal and it was hard to do anything. Not only that but my head ached very often. I noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint so I naturally have great confidence in Doan's."

E. W. Edwards, Oxford.  
Mrs. Linnie Denning, Kittery.  
Bradley W. Denning, N. H.

We are all the time hoping to have not less than twenty regular solvers and fifty would be better. Now let us see how many are smart enough to work out this June enigma. "Puzzler."

## BETHEL

Maine's Brilliant Vocalist Abroad

News reaches here that Helen York, nee Capri, Italy, with her mother, Mrs. Clarence S. York of Augusta, will make her Maine debut at the Saco Valley Festival, held in Bridgton, Aug. 6 and 7. She has been studying with Sebastian, who predicts his pupil will become a second Patti. During the winter Miss York has appeared in six operas and has sung more than thirty times. Not only is her voice a winning quality, but she possesses a rare personality which has the power to hold her hearers spellbound. Llewellyn B. Cain of Portland, who coaches the young artist before she went abroad, is proud of this successful climax in her career.

Miss York is the daughter of Mr. and Mrs. Clarence S. York of Augusta, formerly of Bethel and born in the latter town. Her father possessed a tenor voice of rare quality and was a bandsman of no mean ability. Her mother also was a thorough musician, with a rich contralto voice which won favor not only at Bethel, her adopted home, but in many of the singing towns. Both were members of the Congregational church choir and their success as concert soloists is still remembered in musical circles of this town.

The family moved from Bethel about twenty-two years ago and have since resided at Augusta, where Mr. York has carried on an extensive retail shoe business until the store was destroyed by fire some months ago. He has been passing the winter in St. Petersburg, Fla.

Miss York was a small child when the family changed their residence, yet because of her success and deeply interested in her future.

## OLD BILL SAYS

A swell front, a brassy face and a sneering laugh passes for wisdom in a good many communities.

Grows act as though they were working for pay in Stow this year, probably on account of high wages.

You will hear a lot of people say they are going to sell their farm and move where they can educate their children.

Now don't do it, let them have a good common school education. A little practical experience and then if they show symptoms of brains they will get all the education they will ever use if they don't show any signs of brains it will be easier for you to take care of them on your farm. If you sell out, your children won't accumulate enough in your day to buy it back again with all their diplomas and cigarette habits, etc., that cost you so much.

If I have done anything I am sorry for I am willing to be forgiven and I am very sorry that I omitted out the pick up column in the Advertiser and I realize it is a loss to the readers of the Advertiser to have that column go to give space for my balderdash and I am willing that they should forgive me I let a chance to do it again, but the reason I have kept quiet so long is that I led a very strenuous life last week and am just beginning to sit up and take solid food and show an interest in life this week.

Sunday, May 19th, an auto drove into my yard in the auto there was a doctor and a nurse. I wanted to know what that wanted a stone fireplace built, but I told him that I couldn't go. It was over to Lovell on the shore of the lake and I knew the breed of mosquitoes they had over there, but I couldn't shake that fellow off so I thought the best way to fix him was to go and soak the price right to him, but I got trimmed just the same as I always do.

We got to his place about dark, I hadn't had any supper and he showed me where he wanted the fireplace. "Well," I said, "it looks to me as if you wanted a carpenter first to saw out this floor and cut out that partition." "Why," he said, "Can't you do it?" I told him I could but that wasn't exactly building a place, but I would do the best I could.

This house was all finished but the doctor wanted to cut out one room to make the other larger and build this fireplace and attach it to a chimney that was all built. Well, the doctor said he had got a place to board with a horse doctor by the name of Arthur Fox and as Dr. Fox wasn't practicing now he would tend mason for a week.

Monday morning I sent Dr. Fox after sand in a motor boat and I went to work cutting the hole in the floor. By noon time I had it done and at the M. D. and I went after stone for the foundation. I asked him where the stone was, he said down on the shore. I asked him where his team was. "Oh," he said, "You and Dr. Fox." "Well," I said, "You will be one of the pole horses and I guess I will go out on lead."

We had to pick up stone all along the shore and lug them in our arms any where from 20 to 40 rods. We lugged up a load and piece and dropped them down into that hole and we couldn't see them. Well the expression on that fellow's face was worse than an Ingersoll watch. He asked me if we would live long enough to fill it up at that rate and I told him that we were like the boy digging out the woodchuck, we had got to do it. Imagine a hole six feet down and eight feet square and us lugging rocks to fill it full.

Well, I was pretty near all in that night and Dr. Fox was more so but that M. D. made me feel better the next day and I went to my boarding place Elmer Fox of Lovell Center telephoned me that he wanted me to play the violin for a dance Saturday night at West Lovell. Of course as I hadn't been very busy that week I was glad of the chance so I told him I would go and do the best I could.

I got the fireplace done at 7:30 Saturday night and Dr. Fox carried me down to Dan Nichols and I went up to the hall and borrowed a violin of Oldin McAllister. Played till a quarter of twelve, then I shouldered my tool bag and hiked it out of that country just as fast as I could.

Where did I get trimmed? Well, that M. D. charged me for pills and liniment and medical advice \$25.00, my bill for building the fireplace was \$24.00, I got three dollars for filling in the hole in the Red Cross and I sent one dollar to the M. D. to square with him, leaving me one solitary plank for all that exercise. Got home at a quarter of two Sunday morning.

**WILSON'S MILLS**  
Hon. Willis E. Parsons and Warden J. L. Howard were up looking after the work on the Magalloway waters, going as far as Farmington Lake, and making headquarters at E. S. Bennett's.

At the hearing Monday, at the town hall, relative to the closing of some stream, before Mr. Parsons, a fish and game commission was formed, with twenty-eight members.

Pres.—E. S. Bennett.  
Vice Pres.—Lewis Leavitt.  
Sec. and Treas.—D. Clinton Bennett.  
Executive Board—W. H. Hart, D. C. Bennett, Axel Wilson.

Harry F. Hart left Monday for South Paris to join the Wednesday's contingent, called to Camp Devens; the best wishes of his friends goes with him, hoping for a safe return. He is the first one of our boys to be called from this place.

F. P. Flint is up the river with a party from Philadelphia, D. C. Bennett, Peter Littlehale, Axel Wilson and Clinton Bennett, guides.

John Hewey has a boat on the lake for the accommodation of parties.

The Liberty Loan flag floats in the breeze, along with Old Glory at the schoolhouse.

Another entertainment given by the school children Friday night at the hall in Wentworth's location was a great success; they were trained by Mrs. Jessie Linnell, nee Harriett Wilder. The proceeds go to Red Cross.

A. Edwards & Sons, grocers, on Beal street, have decided to place a team out soliciting orders.

C. A. Homingway has bought of John Cummings the stable man, his Bridge Street blacksmith shop. Mr. Homingway has been located there since the fire.  
Business signs painted on oil cloth seem to find much favor with our merchants who have been to establish themselves in new quarters. They make quite attractive signs.  
Elmer Abbott is clerking at C. N. Tubbs & Co's.

Otto Schnier has bought a lot on Greenleaf Avenue just across the bridge and is to build on it. He commenced Monday morning. The lot was purchased of W. H. Whitcomb.  
"Can you tell me where S. S. Stearns lives?" said a stranger. "The house below Dr. Bradley's," was the reply. This may be appreciated when it is known to old residents that Mr. Stearns lives opposite where the Congregational church was and Dr. Bradley opposite the Beals Hotel.

We are pleased to learn of the success S. H. Hayden is having in manufacturing boot and shoe patterns at Auburn. He has two hands employed besides himself and has all the business he can attend to. He is making patterns for the best shoe makers in New England.  
\*\*He now conducts a large shoe manufacturing plant in Haverhill, Mass.

A 13 ft. extension of the same dimensions in width and height as the house is being added onto the front of Mrs. John P. Cullinan's residence. It will rest on a concrete foundation and add at least four convenient rooms to her home.  
Fred H. Kelley, a life long shoemaker until employed at the Paris Manufacturing Co., a little over a year ago, is the night watchman at their factory and is making good.

Allie Monk of York, who is a telephone lineman, has been married, his wife and her mother, Mrs. Pannie Frost, on Paris street, also his parents, Mr. and Mrs. Isaac Monk at South Paris for a number of days.

Strange as it may seem there are men in Norway who have yet to learn something of the etiquette expected whenever "The Star Spangled Banner" is played or sung. A number at Pine Grove Cemetery failed to uncover or even salute during the singing of the anthem Thursday forenoon. The new breeze might be offered as an excuse, but if our patriotism can be chilled so easily we are a sorry lot at this history making epoch. If it is forgetfulness, make arrangements with a friend to jog your memory at the psychological moment in the future.

Mr. and Mrs. W. H. Sothorne of Auburn were guests of Mr. and Mrs. P. A. Hall, Fair street, over Memorial Day. Mrs. Sothorne remained until Sunday.  
Dr. Harry P. Jones says, "Ben Bicknell should choke the exhaust on his one and one-half cylinder bargain machine when driving through the village. It sounds like a Fourth of July celebration in 'ye olden times'."

Albert Robinson, one of the soldier boys who left Wednesday of last week was a special favorite in the room where he worked. He will be greatly missed not only by his own immediate family, but by all of his associates. The soldierhood of which he was an honored member, gave him a surprise before he left. The evening was spent socially and before they left they presented him with a wrist watch so he might remember the time of meeting and be present in spirit if not in person.

#### WOOD SOLD BY WEIGHT

In a general way the price of firewood depends upon the amount of heat it gives off in burning. The general classification into hard and soft wood and the differences in price between birch and the better hard woods are based on this. The prices are only a very rough approximation to real value. Wood is composed of woody fiber with a small amount of ash. The bark of wood has much higher content than wood and is of lower fuel value. The woody fiber that makes up the bulk of wood has approximately the same fuel value in different kinds of wood. A pound of white birch wood will when burned give off as much heat as a pound of hickory or beech. A pound of soft maple gives off as much heat as a pound of white birch weighs 3800 pounds and a cord of hickory weighs 4500 pounds. A cord of soft maple weighs 3500 pounds and a cord of rock maple weighs 4000 pounds. Obviously the amount of water there is in wood greatly affects its weight. Green wood is twice as heavy as "dry wood" and the length of time the wood has been cut and the way it has been stored affects its water content greatly. Well cured, air dried wood will carry from 20 to 25 per cent. of water. Wood that has been cut 6 months will have lost two-thirds of its water, but will still have about 30 per cent. If the fuel value of "dry wood" be assumed as 100, that for wood cut 9 months will be 95, 6 months 80, 3 months 85 and green wood will have a fuel value of 65.

Wood is practically always sold by measure and coal is practically always sold by weight. Yet a cubic foot of coal is far more uniform than a cubic foot of wood. Coal packs about the same weight as piled water greatly. Dry wood is about as even in its water content as coal is. "We are right in selling coal by weight, but wood should also be sold by weight. A cord of pine, fir, balsam, or hemlock weighs when air dry about 2200 pounds, and is worth about half as much for fuel as a cord of dry rock maple. Sold by weight at 20 cents per 100 pounds the cord of pine would be worth \$4.40 and the cord of maple \$8.00.

Many complaints of short measure and inferior quality of wood have been received by the State Fuel Wood Committee. Some of these are serious frauds. Few of them could have occurred if wood were sold by weight instead of measure. The differences in water content of wood that has been cut 6 months are slight compared to the differences in volume due to the way wood is piled. Just as the Food Administration has found it expedient to insist that all food materials shall be sold by weight and not by measure, the Fuel Administration may insist upon wood being sold by weight.

## Mrs. Carl E. Milliken Writes On Saving Foodstuffs

Wife of Maine's War Governor Tells Women of This State How We Can Save Wheat, Serve Our Country and Improve Our Health

By MRS. CARL E. MILLIKEN  
Wife of Maine's Governor

Written at the Request of the U. S. Food Administration for Maine

### TO THE WOMEN OF MAINE:

We stand behind our boys in France, and we will not call it a sacrifice but a privilege to do our bit toward feeding them over there.

EMMA V. MILLIKEN

Mrs. Emma V. Milliken, wife of Maine's war-time Governor, is one of the first women in the land to answer the appeal of U. S. Food Administrator Herbert Hoover, to adopt the wheatless program. A dry member of the Milliken family is a "total abstainer" from wheat products and will remain so until the next harvest.

Mrs. Milliken, an expert in home economics, has written a message to the women of Maine and at the request of the Maine Division of the United States Food Administration she has provided a weekly menu and some wheatless recipes for patriotic women who desire to abolish the use of wheat and wheat products as a measure towards winning the war.

## Water Powers In Maine

A leading paper advocating State ownership, in an editorial on March 8th, said:

"But had we development of Maine's idle water power we could use the whole of such power in this State to distribute hydraulic power throughout the farming districts and to heat and light the State by saving millions of dollars' worth of high cost coal."

Mr. Matthew Morrill of Gray, evidently influenced by articles like the above, said:

"Let the undeveloped waterpower be developed and used by builders of power lines and in conducting the power into places that have no water power. It will warm and light our houses and business places and help restore our old abandoned farms by adding more business and comforts of life; it will help keep young people and even old ones from flocking to the city to enjoy privileges that can and will come to them in the country by waterpower and let the people pay what it costs."

This method would save the lumps. The State roads are made that way and it is economical and practical.

Frank Woodsum, who has been employed at Bath for several months, has returned and is working in the Carroll, Jellerson Co., cutting room.

## Hamlin-Moulton

A very pretty wedding was solemnized Saturday morning at 10:30 o'clock at the home of the bride's uncle and aunt, Mr. and Mrs. George A. Flint, corner of Paris and Winter streets, Norway, the contracting parties being:

Moulton, eldest daughter of Mr. and Mrs. Wilbur D. Moulton of Sweden, and

Albert Wilton Hamlin, only son of Mr. and Mrs. Walter K. Hamlin of South Waterford.

Rev. M. O. Baltzer, pastor of the Second Congregational Church of Norway, performed the double ring service in a very impressive manner, a few relatives were present.

The living room where the ceremony was performed, was handsomely decorated with ferns, white and pink carnations; bridal wreath, etc., while the dining room where the wedding breakfast was served shortly after the marriage, was tastefully decorated with carnations and maiden hair ferns.

The bride was beautifully gowned in white crepe de chine and carried a shower bouquet of pink bride's roses and lilies of the valley.

The groom was in a blue serge suit. After the breakfast the happy couple left by automobile for Portland, Boston and other places of interest.

The bride's going away gown was dark green satin, heavily braided in same color, with coat and hat of harmonizing color. This popular pair of young people have the very best wishes of their many friends in this vicinity.

## William R. Farr

William R. Farr, aged 67, better known as "Billy" Farr, and the first proprietor of the "Billy Farr Tavern" in Lewiston, died at Nashua, N. H., May 31, where he had gone for treatment. His home of late had been in Medford, N. H. "Billy" Farr was a frequent visitor in Norway some fifteen years ago, coming to the B. F. Spinner Co. shoe factory in the interests of the United Shoe Machinery Co. He made many acquaintances about the factory and was popular with the shoe making fraternity throughout New England.

Billy was a native of New Gloucester, but has lived in more different towns and opened more hotels than any man in New England. In early life he started as chef at the Quincy House and at Parker's in Boston. About 30 years ago he started at Bay View hotel in Waterville, later he was associated with W. A. Brick in the DeWitt at Lewiston and finally managed the house for the receivers after its failure. He ran the Cubb's Hotel at Mechanic Falls for a number of years, then in company with D. F. Long opened Hotel Amey at Lewiston, N. H. Returning to Lewiston he was connected with the Exchange, also ran a restaurant on Main street before opening his well known tavern.

He was a member of the Waterville Commandery Knight Templar and Kora Temple of the Shrine, and Lewiston Lodge of Elks. Services were held in Lewiston, Sunday. Beside his wife he leaves an adopted daughter, a brother, Mr. R. K. Farr of North Portland, and a sister, Mrs. Abbie Gammon.

## Mrs. Lucinda C. Marshall

Mrs. Lucinda C. Marshall aged 77, widow of Hiram D. Marshall of Paris passed away May 29 at the home of Wm. E. Curtis, Winter street, Norway, where she had lived during the past eight years. Her sister, Mrs. Curtis, died Jan. 31, 1917 and she remained to keep the home open as long as her health permitted.

Mrs. Marshall was born in Paris Nov. 7, 1840, the daughter of Moses and Hulda (Swett) Gage. She was educated in the town schools and lived many years near her birthplace. Mr. Marshall was an engineer on the Maine Central for many years and killed in 1878 by falling from a train. For several years after his death, the widow did general nursing. No immediate relatives survive.

Services were held at the Curtis home Friday afternoon, Rev. M. O. Baltzer officiated. The bearers were George L. Curtis, Alton Curtis, Dennis Pike and Wm. Hamlin. Interment at Pine Grove Cemetery.

The Memorial setting in Z. L. Merchant's dry good's store window has attracted general attention. It was arranged in memory of the Company D boys who have given their lives in the service and was a fitting Memorial Day picture. In the center stood a white memorial arch bearing these words: "They have not died in vain," on the left appeared a shaft with the dates of the six United States wars and on the right was a soldier's grave with a rule across it as his head. By the side of the mound knelt a lady in mourning. Photographs of the four young men who have passed beyond, surrounded by wreaths were arranged upon the natural evergreen carpet as taken from the woods. The photographs were Priv. Peter Klein, son of Mr. and Mrs. Morris Klein; Priv. William H. Stone, son of W. H. Stone; Corp. Harold A. Jackson of Bryant's Pond; and Priv. William H. Thibodeau, son of Mr. and Mrs. Della Thibodeau, South Paris. Flags tastefully draped composed the background. Mr. Merchant arranged this touching setting and was assisted by Mrs. Merchant who gave considerable time to the work.

Albert P. Carver is improving slowly as summer approaches. Through the kindness of Fred H. Cummings, he was taken to Goat Island Saturday in Mr. Cummings' motor boat and passed the day fishing from the boat house wharf. It proved a tiresome trip because of physical weakness, but after resting he found the change had worked wonders to his general health.

Mr. and Mrs. Fred Gurney and children of Hebron, and Florence and Myrtle Scottorne of Norway were Sunday visitors at Archie Gurney's.

## NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge.

Three Finns who are employed near Norway village were brought before the court Friday by Deputy Sheriff Harry O. Stimson. They were John Korhonen, who paid a fine of \$10 and costs for opening an automobile without a license; Henry Morhanen intoxication and indecent exposure, fined \$10 with costs, paid and discharged; Erno Kallavirta, intoxication, discharged on good behavior. This affair was the outcome of a Sunday joy ride tinctured with a generous supply of hard cider. The climax was staged in Buckfield village within easy range of County Attorney Frederick R. Dyer, who entered a complaint and appeared against the respondents.

Henry Gerry appeared Friday for assault and battery upon Lewis Hatstat. He pleaded guilty and settled for \$5 with argument resulting in a \$50 fine, leaving Hatstat with one eye buttoned tight and other prominent facial landmarks. Deputy Sheriff Stimson made the arrest.

Memorial Day Exercises at Norway

Regardless of lowering skies and a chill wind the townspeople responded to the call from the Grand Army and interested citizens, making this day above others one long to be remembered.

The long line formed at Woodman hall, in the following order, and marched to Pine Grove cemetery. Marshal Capt. J. Waldo Nash; Bryant Pond band; Boy Scouts in charge of Scout Master Vivian M. Akers; Norway Lodge, Loyal Order of Moose; Norway Lodge Modern Woodmen, representative of Painesville; Lodge, Knight of Pythias; school children accompanied by their teachers; Spanish War Veterans; Sons of Veterans; associate members of the G. A. R.; Daughters of the Revolution; Daughters of Veterans; Sons of Norway; Mt. Hope Rebekah lodge and Lake Temple Pythian Sisters and the Women's Relief Corps, the ladies in autos, all forming an escort to Harry Rust Post G. A. R.

At Pine Grove Cemetery the exercises included selections by the band; prayer by Rev. H. L. Nichols of the Methodist Church; singing by the school children in charge of Elizabeth McCreery; a reading by Mrs. Annie Mender with Iva Stevens and Lillian Mender in costume as color bearers. George E. Brown, ex-gov. of Norway delivered a strong patriotic address concluding with Lincoln's Gettysburg address. Graves were decorated, the veterans being assisted by the Boy Scouts.

After the graves in Rustfield Cemetery were decorated, a procession marched to the Opera House block, where a dinner was served by the Relief Corps to more than a hundred invited guests. Mrs. Addie Buswell, Mrs. Ida Gammon and Mrs. Susan Wentzel were the committee in charge.

The exercises at Norway Opera House at 2:30 were largely attended. Patriotic decorations including flags and wreaths about the stage, were arranged by the committee, Mrs. Edith Bartlett, Carrie Tucker, Mrs. Eva M. Kimball and Berenice R. K. Farr of North Portland. W. E. Cordwell, president. The first number of the program was the Star Spangled Banner played by Stearns' Orchestra. Prayer was offered by Rev. M. O. Baltzer of the Congregational church, with orchestral response. Berenice K. Farr sang the vocal solo "Dry Those Tears," to violin obligato.

Prof. Wilnot B. Mitchell of Bowdoin College delivered an inspiring address. He began with the causes which brought about the Revolutionary War, his address unfolded America's advancement and struggle for democracy through the intervening years to the present world's crisis. The history of secession, a review of the four years of civil strife and the fifty-three years of construction or consolidation were points strongly brought out. Maine's part in the war with the splendid record of Norway during the years '61 to '65 was given prominence. The speaker, who has been in the military service, showed the supreme sacrifice given by the Boys in Blue on the field or in southern prisons. The parents, the wives, and sweethearts at home hoping for the best while struggling for existence, were not forgotten in his address.

Singing America by the audience closed the exercises.

Vera Merrill, aged 4, who lives with her parents, Mr. and Mrs. Oliver Merrill at Noble's Corner, has every indication of becoming an enthusiastic nature student. She sent to this office a beautiful specimen of a female Polyphemus moth for identification. It was discovered for a short time and the boys went fishing. Frank Bennett and wife of Oxford knew things were at once crossed. Mr. Merrill carried the specimen home for future observation, although future changes may not prove as interesting as those which occurred weeks ago.

Charles Kent of Kennebago was in town Memorial Day as guest of Mr. and Mrs. Archie Gurney. His wife has been caring for Mr. Gurney and infant during the past ten days.

Mrs. Ella Ham was in Auburn over the week end with her son, Ernest Ham and wife.

Mickey Welch has an auto top on his new launch. With an engine, steering wheel and gear, seat cushions and other automobile fixtures, he has one of the most modern craft combinations in this part of the state.

Mr. and Mrs. Fred Marshall and Mrs. Alvin Kilbreth of Hebron, Mrs. Thomas Westleigh, Mrs. Jennie Hutchinson, Mrs. Stephen Westleigh and Zenas Merrill, all ten, only 18 years of age when he entered the Civil War, had a bullet shot through his lungs. He still lives in the far West today unless he has passed along recently.

Le-N. Cummings, a brother of D. A. Cummings, the youngest soldier of the regiment, still lives in Melrose, Mass. after the war was over he came back and attended Gould's Academy at Bethel and fitted for college, and graduated at Wesleyan University of Middletown, Conn. He never got a scratch during the three years of hard fighting. He was a member of Company B, 20th Me. Regiment.

Archie Bass, who has been at work at Crystal, N. H., has returned to his boyhood home at Hunt's Corner on the Archie Cole farm. Tyler Cole is quite feeble this spring and needs Archie Bass to help take care of the place.

Arthur Andrews met with an accident last week while trying to take down his rack to put on his wheels. He slipped, or the rack got the advantage of him and came down on his legs and cut them badly. It was a great wonder that it did not break both legs. A doctor from Bethel has done his limbs up several times. He thinks he will be able to be on his feet again in about two weeks as they are doing well at the present time. He has to walk with crutches.

Rev. Mr. Little of Bethel officiated at the funeral of Eben Bowker's baby last week, Tuesday, May 28.

Bertie Bean, son of H. I. Bean, who graduated at Bethel Academy one year ago last spring, is now in the trenches in France, but unmolested thus far, while the shot and shells are flying over his head.

Minnie Carter was at the home of Mrs. Mina Farrar, Tuesday.

Adelbert Davenport and daughter Evelyn, also Arthur Farrar, were visitors here.

## Take Care of Your Tires

America's greatest need is for ships—more ships. Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires.

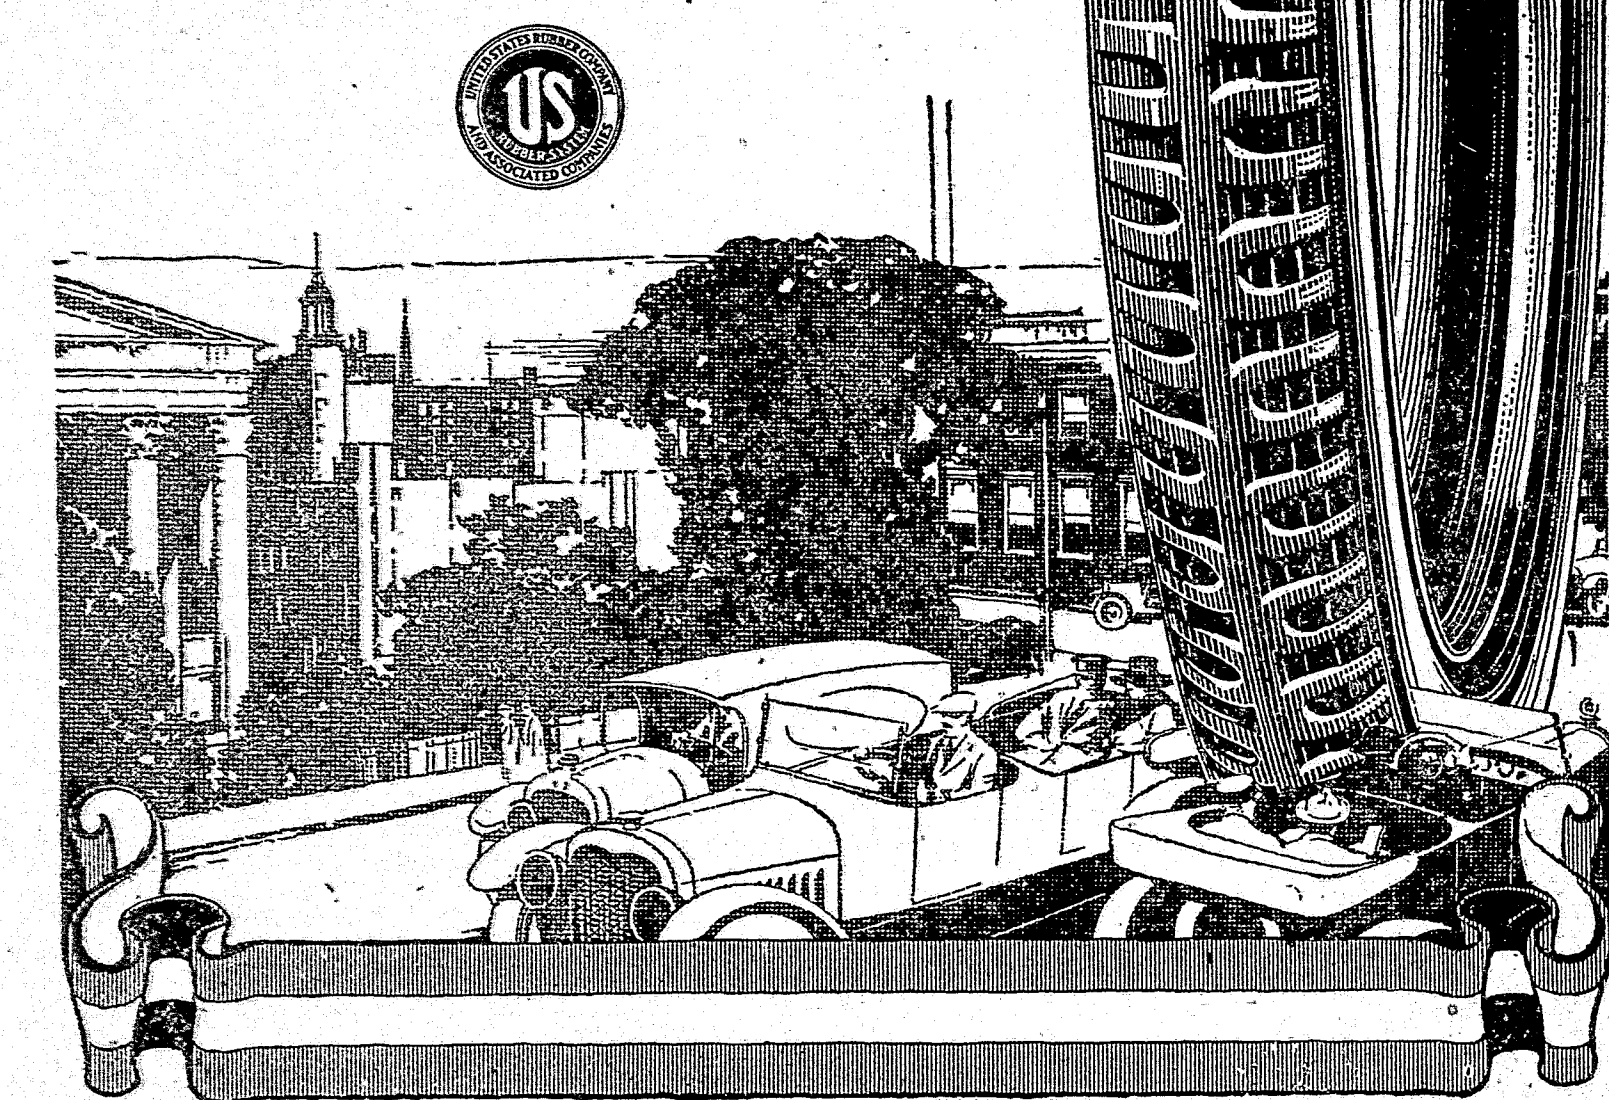

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

Only in that way can you be assured of your car's continuous service.

Red Cross Entertainment

An entertainment for the benefit of the Red Cross was given at Grange Hall by talent from Harrison village Friday evening.

"Is Marriage a Failure" and "The Rough Diamond" were presented.

Dr. Francis Henry Wade and wife were the actors in the first play and gave a most realistic presentation of the average married couple's quarrels and peace makings.

The actors in the second play were Dr. Wade, Alice Smith, Edna Messer, Vernie Evans, Arthur Libby, Harry Smith, Clarence Packard, Morgan Burnham.

The heroine of this play, Alice Smith, was especially good in her role, being perfectly natural in her interpretation of the character "Majesty, the Rough Diamond."

Indeed, all the actors were first class. Little Miss Greene gave two songs, one in Red Cross nurse's uniform and the other a flag song. These were greatly enjoyed by the large audience.

Mrs. Fred Greene presided at the piano and Harry Smith, also assisted with the instrumental music.

Mrs. Guilford, secretary of the Harrison Red Cross branch, read statistics of the good work done as a stimulus to renewed effort. Nearly \$39 was taken as proceeds of the evening's entertainment.

THE "CLUB" METHOD

When, but a few years ago, the movement was started to organize the boys and girls, men and women, of the land into clubs for the better furthering of various agricultural interests, the promoters were far from dreaming of the great benefit these organizations were destined to confer upon their country.

Promoted originally as a matter of pride in achievement for achievement's sake, they have really placed their country in position to mobilize her enormous resources for the most titanic struggle this world has ever witnessed.

The urgency of the food situation has made of these organizations a heaven-sent boon. They have enlisted effort that was heretofore either misdirected or utterly wasted.

This year should see such an effort on the part of the various agricultural clubs of every section of the world as to take notice. Greater results should be accomplished because they have passed the experimental stage and are now firmly established. The preliminaries of organization and experiment are past, and the road lies clear before them with sign boards correctly placed and all needed information thoroughly worked out and available for all.

The day has arrived when the closest possible co-operation is necessary. The urgency of the food situation has made of these organizations a heaven-sent boon. They have enlisted effort that was heretofore either misdirected or utterly wasted.

Every pig club, every vegetable club, every club, of whatever kind should be thoroughly awake and direct its supreme efforts towards the working out of the plans of our government. Your country calls for the best that in you lies. The opportunity and the material are at your hand. A long pull, a strong pull and a pull all together, and the victory will be ours.

### OUR SOLDIER BOYS

Written May 29, 1918 by Ines Alice Elwell of Paris.

There's a stillness broods o'er our village today, There's sadness in every eye—

For we gathered once more with the soldier men To bid them good luck and goodbye.

They were somebody's husband or brother or dad— They were somebody's sweetheart or friend,

And our prayers unite for a safe return When the horrors of war shall end, Uncle Sam is calling from Northland to South,

From the east unto the west; And 'tis right that we heed to our country's call

And give of our bravest and best. Dear lad, we pray that success be yours,

And though our hearts may ache when you go, We're proud that you fight for the red and white.

For the flag that we all love so! The aged look back on the days of yore

When the Civil War raged high— And they were the lads to back the flag,

With the strength to do or die! And those who cheered for the boys in blue

And those who cheered for the boys in blue Will cheer together when victory comes

For the khaki of today.

### OLD SCHOOL BOOKS

I wander back most every year, Back to a spot that I hold dear,

Back to the schoolhouse on the hill, Where all is quiet now and still.

Where first I learned the golden rule And graduated from a district school.

My mind goes back to days of yore When I passed the open door

And started singing some old song, And took my school book along.

And said with spirit light and gay, "I'll keep them for some future day."

Today I take them from the shelf, They are a comfort to myself,

With memory stealing back to me, How easy Geography used to be.

I've studied ever since my birth To gain a knowledge of the earth.

Of California's mighty trees, Of rivers, lakes and marshy creeks,

Of prairie lands and level plain, Of cotton fields and sheaves of grain.

The leaves are faded, worn and old, I would not part with them for gold.

They are enchanting, I'll confess, 'Tis something I can't just express.

It thrills my heart when e'er I delve In my old school books on the shelf.

The Grand Trunk

There is every indication that the Grand Trunk R. R. will soon be taken over by the Canadian government and that the Grand Trunk has been sponsor for a greater part of the newer road. It is believed that the road will benefit by the change. There is no indication how over that the Canadian Pacific will go under government ownership at present. Should the Canadian government take over the Grand Trunk it would have no voice in the management of that section from Norton Mills, Vt., to Portland as that division would come under the direction of the American Government as do other railroads within the boundaries of the states.

**Memorial Day**  
The services of Memorial occupied the afternoon of the day here, commencing at 2 o'clock. Marshal of the day, Jas. L. Bowker of A. M. Whitman Post, Program:

Parade.....  
Service, School Children.....  
Patriotic Selections.....  
Memorial Day Poem.....  
Sword of Banner Hill.....  
Gilman A. Whitman of South Paris Address.....  
The Bryant's Pond Band furnished music.

At three o'clock the old Universalist Church was filled to the utmost by those eager to hear the closing part of the program for the day's service. The selections by the school children were many and full of patriotism, occupying over an hour of the program. The address of Mr. Miller of the South Paris Universalist church was impressive and eloquent one of the best ever delivered here on the occasion of Memorial.

To all of us in this little town the observance of Memorial had a deeper meaning on this 30th of May for, to the thinned ranks of the Grand Army has come the companionship of others. Amid the services in the little church, these were remembered in the patriotic words spoken there. They are the boys from Woodstock, now over the seas. They too are members of the Grand Army. Our whole town's people have a pride in them, who are now called to the colors, and the prayers of the old town go out to them in their fight for humanity and their honor to the flag that has carried them there.

At the conclusion of the church service the entire congregation headed by the band, marched to the grounds of the Dearborn Spool Co., to assist in the raising of two flags furnished by the patriotic and enterprising proprietors of the factory, Messrs Cole and Barker. One of these was a service flag with seven stars, representing former employees of the company, now in the U. S. Service. The ceremony was a fitting close of the day's memories. Mr. Miller came forward and after a brief prayer, read the honor roll of these employees, as follows:

Harold Jackson, Guy R. Cole, Harold Lurvey, Herbert Currier, Jesse Estes, Carlton Clifford, George W. Clark.

Of these seven, one, Harold Jackson, sleeps today on French foreign soil. Worthy is he of the emblems that float above him. The Tricolor and the Stars and Stripes.

**PIGEON HILL**

Diagrams, Three Trees.....Three Boys  
Duet, The Echo.....  
Reading, The Robin.....Doris Randall  
Recitation, Robin's Red Vest.....Donald Holmes

Recitation.....Verna Goy  
Song, Star Spangled Banner.....  
Reading.....Mabel Brett  
Reading.....The First American Flag.....

This being followed by a delicious treat of cookies and cocoa. The children enjoyed games, also many of the grown ups entered into the joy of the hour forgetting the cares of the week.

## NEW NATIONAL FORESTS

President Wilson, by proclamation has established three new national forests in the east—the White Mountain, about 331,000 acres in Maine and New Hampshire; the Shenandoah, about 165,000 acres in Virginia and West Virginia, and the Natural Bridge, about 99,000 acres, in Virginia. Title to all the lands has not been taken, but the areas have been approved for purchase.

The White Mountain National Forest is located in Grafton, Carroll, and Coos counties, N. H., and Oxford County, Me. The Government has actually taken title about 267,000 acres and in addition about 124,000 acres more have been approved for purchase, making a total of about 391,000 acres under Federal protection.

This Forest protects in part the watersheds of the Androscoggin, Saco, Connecticut, and Ammonoosuc rivers. The White Mountain region, long famous as one of the most important recreation grounds of the Nation and located as it is in close proximity to the most densely populated portion of the country, has great value not only for the protection of streamflow and the production of timber, but also as a public playground and is administered with a view to its use for all three purposes.

## SOUTH PARIS

## Memorial Day in South Paris

The citizens united as never before in the observance of Memorial Day. There was a peculiar significance to the day, which was felt by all and the townspeople gathered not only in memory of our fallen heroes in past wars, but to honor those in this crisis who have gone from Oxford County to uphold a just cause.

The procession formed in Market Square at 10 a. m. and marched to Riverside cemetery led by a drum corps and followed by Joshua L. Chamberlain Camp S. of V., escorting Wm. K. Kimball Post, G. E. B. and Wm. K. Kimball Circle, Ladies of the G. A. R. The Boy Scouts followed, more than forty strong with a drum corps of their own and then the scholars and teachers several hundred strong, each carrying a flag. The high school girls carried the high school service flag. Of the civil war veterans there was about a score, and all but one of them on foot.

At the cemetery Post Commander W. E. Starbird presided over the brief exercises. There was prayer by Rev. C. W. Rogers, singing by a chorus of girls, "They're Resting To-day" and the reading of Lincoln's Gettysburg address by Eva E. Walker. The wreaths and flags were then placed on the many graves in the cemetery by the veterans and Scouts, and the procession returned to the Square by the way of the park and the soldiers' monument.

The usual dinner was served at Grand Army Hall at the dinner hour.

Post Commander Starbird presided at the exercises in Dexter Memorial church at 2 o'clock in the afternoon. Prayer was offered by Rev. G. H. Newton. Gen. Logan's order as commander-in-chief of the Grand Army of the Republic, establishing May 30, 1868 as the first Memorial Day, was read by Mrs. S. C. Ordway. ## Announcement

The practice of calling upon telephone operators for information as to the time of day has grown to the point of interfering with the efficiency of telephone service.

For such information 100,000 calls are made daily in New England, the bulk of such calls coming naturally at times when it is most difficult to handle them.

Service efficiency now demands that the work of the operating force should be relieved of unnecessary burdens, and that all energies be directed toward the furnishing of effective telephone service, and to that alone.

Prompted by these considerations, the practice of giving information as to the time of day will be discontinued beginning June 10, 1918.
